

VENDOR SWAP IS NOT PRIVACY (NOT JUST FLOCK) · SCRIPT B

Ban mass scanning, not just the brand name

About 1.5 min at ~140 words/min · 207 words · Replace [Your Name]. Speak calmly. One speaker, one focus.

Tip: swap bracketed fields. Cite numbers carefully. End with the cancel / yearly-vote ask.

Mayor Crawford, members of City Council. My name is [Your Name], and I live in Crossville.

If Crossville cancels Flock but leaves the door open for the next plate-reader company, nothing real has changed.

Flock is today's vendor. Tomorrow it could be Axon Fleet, Vigilant, or another ALPR cloud. The problem is mass location tracking without a warrant. That is a Fourth Amendment issue, not a question of which company prints the brochure.

Knoxville PD's Axon path shows how easy it is to swap logos and keep the same kind of searchable travel history. Crossville drivers still get caught in East Tennessee networks when plates feed shared systems elsewhere.

Protect Crossville from this kind of surveillance, not just one brand having a bad week. Plate readers, people-search features, and AI pattern tools raise the same problem under any logo.

THE ASK (say this)

My ask is clear. Cancel Crossville's Flock contract and remove the cameras. Require a public hearing and a recorded City Council vote before any surveillance equipment is ever proposed again. If you will not cancel yet, take a recorded yes-or-no vote each year before any renewal, with no automatic renewal that skips a public vote, and publish monthly use reports the public can check. Thank you. I yield.
